

Eye Clinic January Results

Dear Loved Ones,

Greeting and Happy Presidential day. Those of you who are following news from Haiti nowadays are not all that excited. The situation is so bad that it prevents people from going to work.

In spite of this widespread and generalized insecurity, the staff of the eye clinic manage, whenever they have an opportunity, to assist the poor patients who are badly in need of good and trusted treatment.

This past month, the month of January, they consulted:

543 patients

44 glaucoma cases

42 lab tests,

11 operations,

Many eyeglasses given out.

Please join us as we pray for our beloved country of Haiti and its people.

Serving the Master in Haiti.

Yours,

Nzunga & Kihomi

Dear supporters,

Talk about front line workers. These people are definitely heroes. They were shut down a couple of days last week.

We have received \$9500 against the matching funds of \$15000 so far to get them the vehicle they need. I'm confident you in advance.

Nzunga is in t-shirts and flip-flops and I am living with 8" of new snow and 2 degrees this morning. I saw on TV that it's spring!!

Peace,

Denny Shewell
