What do all these photographs have in common?

Yes, they all contain Keith and they all needed you to happen.

And yes, Keith is in the field, recording.

He's recording the *Jesus* film,

he's recording the entire New Testament,

he's recording children's Bible stories . . .

in places from Latvia

to

Curaçao . . .

in studios created in churches

living rooms

Bible societies

rented vacation homes . . .

None of them could have happened

anywhere

without your support,

particularly your prayer support!

As Keith begins a new recording, this time the *Jesus* film

right next door in Belgium,

please pray for the right voices for the right parts

and good communication within the team.

And watch for new photos soon!
